Survey - Supplemental survey - Mangalore Taluk - South Kanara District - Notification under section 5 - Publication requested.

Please see Board's Routine No.3289 dated 4-10-28 communicating G.O.No.Mis.2237 Revenue dated 26-9-28.

2. In communicating the above G.O., my attention was drawn to para 2 of the G.O., and I was requested to report in due course in consultation with the Special Settlement Officer, No. IV Party, Cannanore, the nature of survey work and the staff that would be required to deal with such works as may be necessary to bring the records in Mangalore and other taluks of South Kanara District up to date in the course of resettlement.

3. Resettlement of Mangalore Taluk of South Kanara District being due in 1932-33, the Special Settlement Officer intimates the Officer in charge, No. V Party, Cannanore, that he has opened a Branch Settlement Office at Mangalore in March 1930 and that he can send by the end of this month survey correction memos for a few villages but not cases of unauthorised occupation of assessed wastes and those consequent on rough patta objection hearing for conducting the experiment to ascertain the amount of work involved.

4. In this connection I invite Board's reference

to the Special Settlement Officer's observation in his report Roc.No.284-B & C.26-1 dated 27-10-28, with reference to B.P., Misc., 3289 dated 4-10-28 viz., that any one who has used the existing records of Mangalore and other taluks would agree that the supplemental survey work required in the taluk will in the end amount to a form of revision survey which will take a considerable time. (2)

5. In view of this, I consider it necessary to put on hand the supplemental work in Mangalore in advance of rough patta objection hearing and before final orders are passed, on the treatment of unauthorised occupation of assessed wastes, on the report of the Special Settlement Officer which he expects to submit only in April or May 1931. The nature of the work involved to give effect to the Survey correction memos is yet to be gleaned and then necessary instructions as to the procedure to be followed are to be obtained betimes from the Board.

6. I therefore request that a notification under section 5 of Act VIII of 1923 may be published at an early date for the supplemental survey of the villages in Mangalore Taluk. The work may be entrusted to No. V Survey Party.

Survey - Supplemental survey - (Kanara South) - Mangalore taluk - Notification under section 5 of the Survey Act - Board's reference No.G.3065-30-1, dated 22-7-1930.

A Branch office was reopened at Mangalore in March 1930. Besides the routine work in the Branch office, the following items of work are being attended to in the taluk.

(1) Miscellaneous accounts of inspection and overcheck of the shanbogues' lists of changes from dry to wet or garden.

(2) Overcheck of the shanbogues' lists of unauthorised occupations of Kumaki and Assessed waste lands.

So far, 25 villages have been completed under items (1) and (2).

2. With regard to the furnishing of subdivision lists to Survey for measurement, I cannot now include in those lists the subdivisions resulting from the overcheck referred to in item (2) above. Such overcheck is in progress in the Puttur taluk also and a report with respect to both that taluk and the taluk of Mangalore has to be submitted by me; and it is only on receipt of the orders of Government on that report that I can compile a list of subdivisions to be furnished to Survey. I intend addressing the Board by the end of October for sanction to consolidate

the results of overcheck by January or February 1931 by which time sufficient number of villages in both Mangalore and Puttur will have been dealt with by my staff

3. I think there will be a saving of time and expenditure if subdivision lists in respect of all classes of cases are furnished to Survey once for all on receipt of the orders ~~of~~ of Government on my report regarding the unauthorised occupations of Kumaki and Assessed waste lands - which I expect will be by about the middle of 1931. If on the other hand, the Board considers that Survey should be furnished now with lists of all subdivisions excepting those resulting from inspection of unauthorised occupations of Kumaki and Assessed waste lands, I can furnish such lists regularly from October 1930; but then there will have to be another supplemental survey on receipt of the orders of Government on my report regarding the unauthorised occupations of Kumaki and Assessed waste lands, besides a third one which will have to be carried out after rough patta objection hearing, which will be stafted sometime in 1932 on receipt of orders on the resettlement scheme report.

4. I find that all that the Director of Survey wants is to make an experiment to find out what amount of correction work is involved in the measurement of supplemental subdivisions. For this purpose, it will, I think, be sufficient to furnish Survey for a few villages in the Mangalore taluk, with lists of all subdivisions excepting those resulting from the overcheck of unauthorised occupations of Kumaki and Assessed waste lands; I have already issued instructions to my ~~Special~~ Special Assistant Settlement Officer at Mangalore to keep ready such lists for ten typical villages. I shall have them issued to the Assistant Director of Survey on receipt of the Board's orders. At the same time, I shall also furnish the Assistant Director of Survey with a rough estimate of the number of subdivisions that may have to be measured later on in those villages on account of assignment of unauthorised occupations of Kumaki and Assessed waste lands, on the basis of 20

cents limit ∅ for subdivision.

5. I submit that, as suggested by the Director of Survey a notification under section 5 of Act VIII of 1923 may be published for the supplemental survey of all the 151 non-resurveyed villages of Mangalore taluk and also of the two villages, Tekkar and Barya of Puttur taluk recently transferred from Mangalore, in which resettlement is due along with the villages of Mangalore ~~xxi~~ taluk in 1932-33. There are 27 other villages in the Mangalore taluk which have been resurveyed- ~~2~~ experimentally and the rest as part of the old Kasaragod taluk. The overcheck of the shanbogues' lists of changes from dry to wet or garden in these villages also will be taken up by my staff. In respect of the resurvey of these village, 9(2) notices are under preparation and the final notification under section 13 will be issued in due course. I suggest that a notification under section 5 of the Act for the supplemenatal survey in these villages may be published after the publication of the final notification referred to above.

S. Padmanabha Rao

P.S.U/28-7 for Special Settlement Officer.

Survey - Supplemental Survey - Mangalore Taluk (South Kanara) - Revised draft notification under Section 5 of the Survey Act - Submitted.

Please see Board's Ref. G.No.3065/30-2 dated 26th August 1930.

2. A revised draft notification is submitted for approval and publication in the Fort St. George Gazette and South Kanara District Gazette.

3. In this connection I submit that the following 3 items of work will have to be done in Mangalore Taluk.

(i) Sub divisions on account of miscellaneous inspection and overcheck of the shanbogues' list of changes from dry to wet or garden,

(ii) unauthorised occupations of Kumaki and assessed waste lands and

(iii) survey of sub divisions consequent on the hearing of rough patta objections. As the Special Settlement Officer proposes to take up the issue of rough pattas only in 1932, the further sub division work consequent on the hearing of objections will have to be

final areas can not be supplied in time for the introduction of Re-settlement which is due in 1932-33.

I however request that the Board may be pleased to publish the notification as early as possible so that an experimental survey can be conducted on receipt of Survey Correction memos for 10 typical villages with a view to gauge the nature and amount of work involved.

For Ag. Director of Survey.
